

Dear Grocery Buyer,

I would love for you to carry my favorite brand of ramen, Mike's Mighty Good, in your stores! I'm a huge fan of their products and was sorry to see that they weren't yet on your shelves.

Some information about the products is provided by the company below. Their contact info also listed below. Mike's Mighty Good is carried by UNFI, KEHE, DOT Foods, Market Centre, and many more distributors across the US.

[Mike's Mighty Good Craft Ramen](#) was recently featured by [The Washington Post](#), [Popsugar](#), [Spoon University](#), and People Mag writer [Hungry Girl](#) as THE new staple ramen product that everyone is going to be eating in 2018. Just add water and you've got the taste of the best ramen bar with you wherever you go.

Their craft ramen is all about:

- Organic steamed ramen noodles we make from scratch without pesticides or harmful chemicals
- Insanely rich broths
- Non-gmo sourcing
- No palm oil
- Using paper cups from certified sustainably-managed forests

Here is some information about their items:
